Communicating with the Black $\mathsf{Dog}^{^{\mathrm{M}}}$

You can't see a black dog on a black night. But if it's your dog in the yard, you know he's out there. If you want him to come in, you call him or offer him a dog treat. But you don't know your message worked until the dog appears. Marketing communication is like communicating with the black dog. It's one-way with an unseen audience. Communicating with the black dog is also recognizing your audience is never initially interested in your message. That is, until you reach them with a sincere, relevant approach worthy of return contact. Like a treat. At Bidlack Creative Group, we're experts at Communicating with the Black Dog.
